3 Packing Tips!

1. Make sure your belongings are clearly named where possible.
2. Tick the items off as you pack them, and bring this list with you so you have a record of what you brought. This will help you pack for returning home.
3. Do not get someone to pack your bag for you – make sure you lend a hand so you know what you have with you!

What to leave at home

We ask that you DO NOT bring any expensive electronic devices with you.
